## Purify Water Stored in 55/30 Gal. Water Drums

No waiting for water! Use either the rechargeable electric pump or the hand pump to provide purified water immediately from the water storage drum. Delivers up to 0.5 gal. per minute with PowerFlo pump.

### Capacity

Purifies up to 250 gallons or approximately FIVE 55 gallon water barrels

### Ease of Use

Old and young alike can easily purify water from the water barrel. Quick and easy setup.

### Emergency Use

The AquaDrum components can be taken anywhere and used as a straw filter and to purify water for others by using the spray pump or powerflo rechargeable pump.
